whitsterm; there is a panic of dis-turbed condition of money mattern, everybody wants to know the cause and there is always a contrariety of opinion. This country has had seve-ral panics, the one of 1872 was easily explained, that of 1893 was not under-stood natil it was over. Lack of con-fidence always intensifies and makes a name accete.

panic acute.

Walter Bagchot says: "The history
of a punic is the history of a confused conflict of many causes and unless you know what sort of effect each cause is likely to produce you cannot ex-plain any part of what happens—it is like trying to explain the bursting of a boiler without knowing the theory of steam."

nation of good times, a be lief that prosperity will go on witho interruption, cause people to get in such a condition that when a reverse does unexpectedly come that thi panic. The people go from one ex-treme to another, they first believe ity, then on even slight reverses go to the belief that all wealth is vanishing From easy spending, in a night they go to boarding. Folly and improvidence must necessarily be punished, ways be found to be an element of any canic. Many reasons are given for the the withdrawal of capital from legi-

REFERENCE to the enforcement the law requiring children to attendation the Fulton Sun says. There is a lesson in the story of the ten negro boys who were convicted and fined for disturbing the peace last week. It is the truant school law that is not properly enforced. The Sun does not know on whom those negro boys and many others should have been in school. If properly enforced the law might be made to reach a few white boys who should be in the school room and not on the streets.

HON. CHARLES M. HAY, of Fulton Mo. Sunday afternoon delivered a ficent address at the Bapti shurch in Mexico, favoring the adop tion of local option. Mr. Hay was audience of citizens of Mexico, wh were in thorough accord with his position on this important matter. been extravagance, over capitaliza-lipo, watered stocks and bonds, a but came to Mexico at the excest re straining of credit, there can be no quest of our citizens to explain how doubt.
